Subject: Notice of File Closure, RonCon Properties, Inc., Welcome Springs Project,  
S/053/043, Task ID# 1704, Washington County, Utah

Dear Mr. Terry:

The Welcome Springs small mining permit, file number S/053/043, located in Washington County, Utah, will now be closed and the file retired.

On February 13, 2007 a site inspection was performed and it was determined that the site has satisfactorily been reclaimed and can be fully released. We have received concurrence from the BLM that they agree with the file closure.

We received notification from the BLM that they recently inspected the project area and found the surface reclamation was satisfactory. The BLM subsequently closed out their case file for this project.

You are hereby released by the Division from further mining or reclamation responsibilities at this site. You are not required to pay the \$150.00 permit fee as recently requested. If you wish to conduct any future mining related activity in this area, you will need to submit a new notice to the appropriate agency(s), prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5258 or Doug Jensen at (801) 538-5382. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

  
Susan M. White  
Mine Program Coordinator  
Minerals Regulatory Program
